Oil, Paint and Drug Reporter,

A WEEKLY NEWSPAPER,

EMBRACING THE

"Drug, Paint and Oil Trade,"
"New York Druggists' Price Current,"
"New York Drug Bulletin," "Oil and Paint Review,"
"Weekly Drug News" and "Soap-Makers' Journal."

AND REPRESENTING THE

OIL, PAINT, DRUG, CHEMICAL AND DYESTUFFS TRADES.

JUL 13 '87
U. S. PATENT OFFICE

VOL. XXX. From July, 1886, to ~~January, 1887~~ Dec. 1886.

William O. Allison, Editor and Publisher,
72 WILLIAM STREET, - - - - - NEW YORK.

INDEX TO VOLUME XXX.

EDITORIALS.	Date.	Page.
Drugs and chemicals doing better	July 7	5
The improvement in acetate of lime		6
The rapid advance in whale oil		6
Alcohol distillers not dwelling in unity		6
The trade in double manure salt		6
Menhaden oil prospects		6
Cocoanut oils		7
Transporting oil in bulk to Europe		7
The petroleum exchange building scheme		7
Our foreign trade		7
Valedictory from the *Independent Journal*		8
Mr. John F Riday to the trade		8
John F. Riday		14 5
The advance in quicksilver		6
The canary seed market		6
The sensitive hop market		6
Drug prices compared		6
Sale of the Egyptian oil field		6
Window glass prospects and question of wages		6
Russia's principal petroleum shipping port closed		7
Pushing a substitute for cottonseed oil		7
American petroleum in the far east		7
Alcohol for export		7
Lupicos		7
How is quinine?		21 5
The improvement in shellac		6
The cotton oil market		6
The Austrian government to establish a petroleum refinery		6
An advance in linseed oil		6
A steamer to carry petroleum in bulk		7
Croso nut oil		7
Alcohol pool still in doubt		7
The tank furnace in the manufacture of glass		7
Ethyol		7
The opium traffic and smuggling		7
Exports of mineral oils		7
The advance in vanilla beans		28 5
The window glass makers' meeting		5
Beware of loaded sponges		6
Passage of the oleomargarine bill		6
Rum oil		6
Limestone statistics and prospects		6

	Date.	Page.
Extending the culture of castor beans		6
The tax on fruit spirits		7
Cultivating cocoa in the south		7
Cacao butter	Aug. 4	5
White lead matters		5
Shipments of heavy chemicals		6
Exempting manufacturing corporations from tax		6
Concerning loaded sponges		6
New contrivances for testing oils and wax		7
Horse oil		7
Mutual fire insurance in the drug trade		7
American lubricating oils in Germany		7
Imports and exports for a year		7
Exports of case oil to the far east		11 5
Cause of the scarcity of cutch		5
An advance in plate glass		5
Cocoanut oil statistics		6
Brighter prospects for the drug trade		6
Cryolite		6
Making war on the menhaden fishermen		6
Russian petroleum		6
A salty wonder		6
The Egyptian oil fields		6
Will test the oleomargarine law		7
The prize package dealers		7
The Minneapolis exposition		7
Objections to the shipment of petroleum in bulk		18 5
An improved outlook for shellac		6
New features in the wax trade		6
Strong combination of alcohol distillers		18 6
Receipts of cottonseed products		6
Increased exports of illuminating oils		6
Lima's cheap and inferior oil		6
The foreign demand for lubritating oils		6
Fink and his victims		6
The proprietary medicine manufacturers' meeting		7
Higher prices in the drug market		25 5
An expected new outlet for Canadian petroleum		6
Pointers on quinine		6
The decreased trade in neutral oils		6
Cotton oil for alizarine assistant		6
The glass workers' wages		6
Flaxseed statistics		6

	Date.	Page.
One creditor rescues a firm from ruin		6
The decline in price of paraffine oils	Sept 1	5
Smuggling olive oils		6
Lard oil recovering lost ground		6
A menhaden factory visited by Japanese		6
A temporary advance in turpentine		6
Higher prices for the balsams		6
The troublesome question of wages		6
Dangerous oils		8 5

Recent Patents.

Capsule machine; producing mixed and colors; apparatus for the manufacture of malt; process of making sulphuric acid	July	23
Manufacture of starch; separating solid paraffine from oils		40
Refining glycerine		39
Trap for ammonia refrigerating apparatus; oil cake mat		39
Sulphonated purple dyestuff		39
Cleaning device for paper making machines		39
Boneblack kiln; starch; obtaining oil from wells; capsule mold greasing machine		40
Mucilage bottle; grinding mill; making lamp black; carbon black; ice machine; condenser for steam pumps; oil cup; cleaning and lubricating railroad tracks; mixed paint; utilizing aqua ammonia in engines; cutting up paraffine distillate; extracting paraffine from distillate	Aug.	40
Manufacture of whiting; preparing starch		39
Glass melting furnace; vapor stove; capsule stripping machine; purifying paraffine; lubricator		39
Refining vegetable oils; gasoline stove; pulverizing machine; fertilizer distributor; decomposing natural gas; atomizer		39
Bleaching mechanical wood pulp; compound for scrubbing paint, floors, etc	Sept.	40
Separator for dry paint; lubricator; fertilizer distributor; paint brush; spear for removing casings from oil wells		39
Car axle lubricator; machine for grinding and smoothing plate glass		39
Making sulphuric acid		39
Soap frame; petroleum and gas engine; plate glass polisher; oil press mat; coating paper with wax		39
Extracting zinc from ores; bone black revivifier; bleaching compound	Oct.	39
Machine for making material for wood pulp; painting machine; manufacture of pyroxyline	Oct.	39
Manufacture of salt		40
Tanning process		40
Process of forming oil from tallow and kerosene, for lubricating; mixed paint; soluble laundry blue	Nov	39
Cottonseed reducing and separating machine; machine for raising phosphate rock; manufacturing white lead		39
Manufacture of gas from crude petroleum		40
Oil tank; process of making concentrated extract of codlivers; purple dyestuffs from basic rosaniline	Dec	39
Distilling petroleum; manufacturing soaps and glycerine		39
Making extracts from fish; extracting oil from marine animals		39
Composition for neutralizing fumes of explosives; obtaining sulphur from sulphuretted hydrogen; oil pump		39
Obtaining glue from marine animals; making phosphates from slags		39
Press for expressing oil from cotton seeds; manufacture of oxidized or solidified oil		39
